

When You Come To One Of Our Paint Nights....

....you are coming to a great social night with a difference. You will be having a drink, putting paint onto a canvas and maybe doing something totally new for you. Russell will take you step by step through the process of turning of your blank canvas into your own completed masterpiece. ALL materials and equipment provided and NO experience necessary AT ALL and the bar will be open, as will The Ottoman's Kitchen.

You don't have to do it our way, but do it your own – change the background, change the colours, change what you like, we like seeing differences.

Either go to www.paintnightparty.co.uk or scan the QR square code overleaf, with your camera, to go to the event page where you will learn more about what is happening. You will also be able to get FREE downloads of images and files that you can use at home, also maybe photos of how others have done it.

We run Paint Nights in pubs and restaurants around Milton Keynes and Bedford.

Russell is also a Certified Bob Ross Instructor and runs Bob Ross painting days.
